PP

Product Manager, Digital Transformation at Bren Tech

Making real estate feel simple.

I build the software layer behind how real estate runs at Bren, from an ERPNext-based in-house ERP to the apps in our customers' and partners' hands.

See my work Get in touch

4+ yrs	2	5×	3
at Bren Corporation	mobile apps led end to end	Employee of the Month	progressive roles at Bren

Products I've taken from idea to production.

One goal behind all of them: replace manual handoffs with a single source of truth.

Mobile app

Bren Homes

The resident app, built around the customer's journey.

Resident experience · Customer journey

Mobile app

Bren Leads

A channel-partner platform that moved the whole empanelment-to-commission journey onto one flow.

Registration · Lead generation · Site-visit booking · Real-time tracking · Invoicing

Internal platform

In-house ERP

Built on ERPNext and developed through discovery with Bren's business teams, then taken into live operations.

ERPNext · Discovery with business teams · Live operations

The full product lifecycle.

From the first conversation with a business team to iteration in live operations.

1. **Discovery**
2. **Specs**
3. **Sprint planning**
4. **UAT**
5. **Launch**
6. **Iteration**

Experience.

Four years at Bren, after nearly four years in talent acquisition.
